
ASEAN local container wholesale

Why are container shipping services in the ASEAN region unreliable?

Container shipping services in the ASEAN region became unreliable, in part because vessels were redeployed to more lucrative Asia-US or Asia-Europe routes. Slow container circulation left the region's exporters with a shortage of empty containers. These issues rippled through port and hinterland operations, causing delays throughout supply chains.

What is the ASEAN warehousing and distribution logistics market?

The ASEAN Warehousing and Distribution Logistics Market refers to the industry involved in the storage, management, and transportation of goods within the ASEAN region. It encompasses various services, such as warehousing, inventory management, order fulfillment, packaging, and transportation.

How big is the ASEAN freight & logistics market?

The ASEAN Freight And Logistics Market is expected to reach USD 288.24 billion in 2025 and grow at a CAGR of 6.23% to reach USD 390.01 billion by 2030. DHL Group, DSV A/S (Including DB Schenker), Kuehne+Nagel, A.P. Moller - Maersk and SF Express (KEX-SF) are the major companies operating in this market.

Are empty containers a problem in ASEAN?

Many Member States have struggled to access empty containers throughout the pandemic. ASEAN does not currently have any shipping container manufacturing capabilities. Allowing international vessels to move empty containers has helped facilitate their repositioning, but this still requires one-off licences in some Member States.
