# Afghanistan Foldable Container with Extra Large Capacity

What is a stackable plastic storage bin?

**?Stable and Secure Stacking?:** Designed with grooves on the top and bottom, these stackable plastic storage bins stay securely stacked. Plus, the bins feature sliding locks on both sides, which help keep them in place when stacked. This design allows you to maximize vertical space while keeping your items safe and organized, even in smaller areas.

How many Heights & storage-bottom combinations are available?

Sixteendifferent heights and storage-bottom combinations are available to fit your specific applications. Convenient storage allows the custom protective dunnage to stay with the container even when collapsed,to reduce the risk of damage or loss. Cost-effective way to extend the life of custom protective dunnage.

What is a Kan-ban card holder?

Integrated AIAG and kan-ban cardholders provide easy access to identification cards. Knock down ratios as high as 4.7:1 result in lower return freight and warehousing costs. Attached and detached lid versions available. Both the 3.6" and 7.2" storage bottoms provide ample room to store a variety of reusable protective dunnage for return.
