
Albania Solar Container 80kWh

How many solar projects are in Albania?

The Albanian government has received requests from four companies looking to develop four separate solar projects located across the country. Albania's Ministry of Infrastructure and Energy has received expressions of interest from four companies looking to construct four solar projects with a cumulative capacity totaling 235 MW.

How much does solar cost in Albania?

Albania ran a 300 MW solar tender last year. The Ministry of Infrastructure and Energy shortlisted nine bidders with an average price of EUR0.0513 (\$0.054)/kWh offered across 283.9 MW of capacity allocated in July. The country had deployed 163 MW of solar by the end of 2023, according to figures from the International Renewable Energy Agency (IRENA).

Will Albania build a solar photovoltaic park?

The Albanian government has given the green light to two projects put forward by local companies and envisaging the construction of solar photovoltaic (PV) parks with a combined capacity exceeding 100 MW. The Karavasta solar park in Albania. Image by: Voltalia.

What's new in Albania's "Sunny Side energy" plan?

The positive decision for the two schemes was announced by the Council of Ministers on Thursday. The larger plan calls for the installation of a 100-MW solar farm in the Fier region of southwestern Albania by renewable energy producer Sunny Side Energy, which was set up in 2023 by Albania-based construction-to-oil conglomerate Kastrati Group.
