## Containerized emergency generator set

What is a centumtm force containerized generator set?

Centum™ Force containerized generator set are engineered for fast start-up and optimized for diverse critical power requirements. Each generator is equipped with an advanced paralleling control module, allowing it to support a fast start of multiple units paralleled for power demands in emergency situations.

What is a containerised generator?

Our Containerised Generators deliver robust, high-capacity power from 300-3,000 kVA in secure, weather-resistant enclosures. Designed for challenging environments and critical applications, they offer noise reduction, easy transport, and bespoke configuration to meet your site's exact needs.

What is a 40 ft containerized generator set?

Originally launched for limited markets in 2021, the 40-ft containerized generator sets were engineered for easy transportation, simple installation and are stackable, offering up to 34% space utilization savings over traditional build designs.

What are factory-packaged containerized generator sets?

Our factory-packaged containerized generator sets are designed to address these challenges comprehensively. They offer a reduced footprint, improved ease of transportation and significantly shorter lead times.
