
Dublin solar container communication station wind power address

What is DSG Dublin?

The centrepiece of DSG Dublin is our container terminal, with an annual throughput of 575,000 TEU. DSG Dublin also has significant bulk operations, working over 1 million Tonnes each year with 135,000 square feet of warehousing space also available.

How much battery storage capacity does Ireland have?

We currently have more than 300MW of battery storage capacity in operation in Ireland, making it one of the largest battery portfolios in Europe. We have set an ambitious and bold course of action to help Ireland achieve climate action targets and transition the country to reliable, affordable, net zero energy.

Where are solar power plants made?

Headquartered in Shanghai with 50,000m²+ production bases across Jiangsu, Zhejiang, and Guangzhou, the company employs 1,000+ professionals, including 20+ engineers driving energy storage technology. ISO/TUV/CE-certified units deliver rapid-deploy solar power for off-grid, emergency, and mobile applications, reducing emissions by 70% vs diesel.

Where have we hosted the facilities at the Irish Open?

We have hosted the facilities at the Irish Open at Portrush as well as Microsoft and our head office in Dublin.
