How much does a solar fan cost in India in 2025?

The solar fan price in India in 2025 can range from ~Rs. 1,400*for entry-level fan-only models to ~Rs. 25,000+*for premium high-quality solar attic ventilators by reputable brands. Here's a tabulated snapshot of the estimated solar fan price list in India in 2025:

Should I buy a solar electric fan?

Ans. If you get power cuts or want daytime airflow without adding to your bill, then a solar electric fan is useful. However, keep in mind that these fans move air and cool people, not the room. They're not a substitute for AC in extreme heat.

How do I choose a solar fan?

Look at airflow, not just watts: The airflow rating (CFM or m³/min) tells you how much air the fan will be able to move. Solar panel capacity: Choose panels that generate slightly more power than fan consumption to account for efficiency losses and battery charging.
