
Kosovo 2025 Energy Storage Project

What is the energy strategy for Kosovo?

The Kosovo energy strategy includes increasing RES capacity to 35% of electricity consumption by 2031. Aiming for 600 MW wind, 600 MW solar PV, 20 MW biomass & at least 100 MW of prosumer capacity, to reach a total installed RES capacity of 1600 MW by 2031. Lignite exploitation in Kosovo started in 1922.

What is the energy storage project?

The Energy Storage Project aims to support Kosovo's energy security and transition to a cleaner energy future.

What is the Kosovo compact?

In line with Kosovo's current focus of transitioning towards an energy future that is more sustainable, inclusive, reliable, and affordable, the Kosovo Compact focuses on addressing Kosovo's unreliable supply of electricity, a binding economic constraint for the country, through three projects.

Is Kosovo a democratic country?

Kosovo is a young, vibrant democracy in the Balkan Peninsula of Southeastern Europe with visible commitments to democratic values and institutions and investing in its citizens. Kosovo was selected to develop a \$202 million compact program in December 2018 while the country continued to implement an ongoing threshold program.

The Energy Storage Project: Two lithium-ion Battery Energy Storage Systems (BESS):
o 45MW (90MWh) procured as a design-build for KOSTT (Kosovo TSO and Market ...

Challenge Compact in 2022. The project contributes to poverty reduction through economic growth. Within the mechanism, a new prequalification call is on until February 14 for ...

"With the initiation of the pre-qualification process for companies that will build energy storage systems through batteries, we mark a historic moment for the Compact ...

The Kosovo Compact aims to support Kosovo's energy security and transition to a more sustainable energy future, increase education and employment opportunities in relevant ...

Kosovo is planning a series of auctions for renewable energy and battery energy storage systems. Minister of Economy Artane Rizvanolli has revealed plans for further procurement exercises ...

Why Kosovo's Energy Storage Push Can't Wait You know, Kosovo's facing a sort of perfect storm in energy. With coal dependency at 95% and EU integration talks accelerating, the 2025 ...

The Energy Storage Project, also known as BESS, is one of the pillars of the \$236 million MCC-Kosovo Compact Program. The project will introduce a state-of-the-art battery storage system ...

Solar and wind power plus energy storage will at the same time reduce the cost of energy long term. UNDP's "Support for Sustainable Prizren ??? Initiating Urban NAMAs (Nationally ...

The Minister of Economy, Artane Rizvanolli, expressed that the Compact Program has been the right decision for Kosovo's energy system. She stated that implementing this ...

Prishtina, January 10, 2025 The Prime Minister of the Republic of Kosovo, Albin Kurti, and the Minister of Economy, Artane Rizvanolli, today participated in the launch ceremony of the ...
