
Luxembourg Container Reefer Wholesale

What is a reefer container?

Reefer Containers are essential for storing and transporting temperature sensitive goods such as perishable foods, medical supplies, flowers and more. These goods are often shipped from one country to another via road, rail and sea or even to offshore wind and oil and gas platforms using DNV 2.7-1 certified Refrigerated Containers. [Read More.](#)

What types of refrigerated containers does Cargostore offer?

Cargostore supplies the largest range of refrigerated containers globally - from explosion proof Zone II Reefers to DNV 2.7-1 certified offshore reefers to ISO Reefers. We can provide secure refrigeration for your needs. Explosion proof Zone 2 refrigerated containers are compliant with the ATEX Directive 2014/34/EU. 10ft and 20ft available.

What sizes do reefers come in?

Reefer containers come in 10ft, 20ft, and 40ft sizes, with specialized options like high-cube and dual-temperature units. Offshore Reefers are available in 10ft and 20ft sizes, and larger options include 45ft containers and the BlizzardStore, a scalable storage solution by Cargostore.

How do reefers work?

Reefers operate using an integrated refrigeration unit that circulates chilled air evenly throughout the container. This unit is powered externally, typically by a truck, vessel, or on-site power supply. Fans ensure consistent airflow and insulation helps maintain the set temperature.
