## Micro inverters exported from Tajikistan

How much did Tajikistan export in 2023?

A landlocked, mountainous nation in Central Asia, the Republic of Tajikistan shipped US\$1.3 billionworth of exported products around the world in 2023. That dollar amount results from a 15.9% increase compared to \$1.12 billion 5 years earlier in 2019.

What is Tajikistan's most valuable export product?

At the more granular four-digit Harmonized Tariff System code level, uncarded and uncombed cotton represents Tajikistan's most valuable exported product (15.4% of the Tajikistani total).

How did Tajikistan's exports perform compared to other countries?

Tajikistan's shipments of unknitted nor non-crocheted clothing and accessories posted the third-fastest gain in value, up by 10.3% year over year. The leading decliner among Tajikistan's top 10 export categories was ores, slag and ash which fell -48.3%, pulled down by lesser revenues notably for zinc, precious metals and lead ores or concentrates.

What happened to Tajikistani exports in 2022?

Year over year, revenues from Tajikistani exports plunged by -44.5% starting from \$2.33 billion for 2022. Based on the average exchange rate for 2023, the Tajikistani somoni depreciated by -13.8% against the US dollar since 2019 but increased by 1.7% from 2022 to 2023.

Utilize Tajikistan import data provided by Tendata to conduct market analysis on Tajikistani products, understand import and export prices, and identify products with high ...

6Wresearch actively monitors the Tajikistan Solar Microinverter Market and publishes its comprehensive annual report, highlighting emerging trends, growth drivers, revenue analysis, ...
