Who is the L-1 bidder for New Delhi railway station redevelopment?

New Delhi, India (Metro Rail Today): DEC Infrastructure has emerged as the L-1 bidder in a joint venture with HG Infra Engineering for the redevelopment of New Delhi Railway Station, as announced in a regulatory filing on February 6.

What is New Delhi railway station redevelopment?

The New Delhi Railway Station redevelopment is expected to revolutionize the station's infrastructure, improve passenger amenities, and cater to the growing demand of one of the busiest transport hubs in India. If you find this story or article useful, please share to your social media network.

Why did New Delhi railway station redevelopment fail?

The ambitious plan for the redevelopment of New Delhi Railway Station was first proposed back in 2002-03 but failed to materialize due to financial constraints. Attempts to revive the project in 2008-09 also encountered administrative hurdles.
