## Paraguayan solar glass manufacturers

Will Pavisá & Parglass develop a greenfield glass facility in Paraguay?

Pavisá and Parglass forge partnership for \$75 million Paraguay glass... The greenfield glass manufacturing facility in Paraguay will be developed by Parglass and Pavisá and will produce glass from a renewable source. Parglass and Pavisá have formed a partnership to develop a greenfield glass facility in Paraguay.

What is Parglass & Pavisá project?

The project is a partnership between Parglass, Pavisá and a local cement and construction company. Pavisá Executive Director, Jorge Ivan Hernández Uribe, said the appeal of the project for the Mexican manufacturer was its sustainability element. "Glass will be made using 100% green energy with very low carbon emissions.

Is Parglass a sustainable glass plant?

The \$75 million facility is set to open in the first quarter of 2026 and will produce glass from a 100% renewable electric source. Sergio Cibils Baumann, Director of Parglass, said the plant will be the most sustainable glass container plant in the Americas with the lowest carbon footprint. Its electrical energy will be supplied by hydropower.
