
Portable Power Bank Refund

Can you get a refund if you buy a power bank?

Folks who bought the power banks should stop using them immediately and go to the company's recall page to confirm the serial number and request a full refund. Lithium-ion batteries are common in electronics, power tools and e-bikes, but they can pose fire risks if damaged or defective.

What happens if a power bank is recalled?

Some cases resulted in minor burn injuries and property damage, the CPSC said. Only units with serial numbers 000G21, 000H21, 000I21 and 000L21 are included in the recall. Folks who bought the power banks should stop using them immediately and go to the company's recall page to confirm the serial number and request a full refund.

What is the serial number of a recalled power bank?

The recalled portable power banks have the following serial numbers:

000G21, 000H21, 000I21, and 000L21. What should you do if you have the recalled power bank? According to officials, owners of the recalled power banks should stop using them immediately, visit INIU's recall page to verify the product's serial number and register for a full refund.
