
Pristina energy storage container export declaration

What is export declaration & export license?

1) Export declaration First the exporter/declarant presents the goods, his export declaration and, where necessary, his export license at the customs office responsible for the place where he is established or where the goods are packed or loaded for export (Article 221 (2) UCC Implementing Act).

What happens when goods are presented at the customs office of exit?

Subsequently, the goods are presented at the customs office of exit which examines the goods presented based on the information received from the customs office of export and makes sure that they correspond to those declared and supervises their physical departure (Article 332 UCC IA).

How do I submit an export declaration?

The export declaration must be submitted by electronic means, through the Export Control System (ECS). An oral declaration may also be made (at the customs office of exit) in certain circumstances.
