## Quote for solar container shipping costs

What is the shipping cost for this solar panel?

The standard shipping charge for up to 11 solar panels is \$250. For every additional 4 panels, the shipping cost is increased by \$25. In the event, the product is only available on the East or West coast, a custom quote will be sent to you before the order is processed.

How much does container shipping cost?

China-Europe rates are around \$3.70/kg, China-North America at \$5.30/kg, and Southeast Asia-North America at \$4.63/kg. Use the cost calculator and keep up to date with container shipping pricing trends to get a better idea of what your total landed costs will be. China - N. America weekly prices dropped 5% to \$5.30/kg.

Do I need a specialized container?

Note that if you're shipping temperature-sensitive, hazardous, or oversized cargo, you may need a specialized container such as a reefer, open-top, or flat rack. If you don't need a full 20' or 40' container, you may not need full container load shipping (FCL) and may want to consider less than container load (LCL) shipping.

What is a standard container size?

The standard container dimensions are 20 and 40 feet. But there are also other variations, including different sizes and refrigerated units. The global freight industry is dictated by basic economics. During the busiest shipping seasons, container rates go up - sometimes substantially.
