## Solar power station in China in Algeria

When will a 300 MW solar power plant be built in Algeria?

The state-owned China State Construction Engineering Corporation (CSCEC) began building a 300 MW solar power plant in Algeria's Oued Province in March 2024 as part of the Solar 1,000 MW program. The project is slated for completion by late 2025 or early 2026.

What is Algeria doing with solar energy?

Building on the Solar 2,000 MW and Solar 1,000 MW programs launched by Algeria's state-owned company Sonelgaz, which include a wide range of solar energy initiatives, the government aims to diversify its revenue streams and reduce reliance on natural gas, which is currently primarily used for power generation in the country.

What is Algeria's first photovoltaic project?

Among them, the 233-megawatt photovoltaic project completed in 2016 was Algeria's first new energy project and also the first large-scale grid-connected photovoltaic power station project in Africa. It was honored with the Luban Prize for Overseas Projects in 2018-2019.

How many megawatts a photovoltaic system will be built in Algeria?

The two photovoltaic projects have a capacity of 220 megawatts and 150 megawatts, respectively, and will be constructed by POWERCHINA using an EPC model. The two projects are parts of the 15 gigawatts photovoltaic network planned and constructed for Algeria by 2035.

In addition to Biskra and Ouled Djellal, China State Construction Engineering Corporation has also launched the construction of a 200 MW solar power plant in another ...

A few days ago, the Ministry of Energy and Mines of Algeria announced an eight-month solar power experiment in the southern part of the country. The photovoltaic power ...

The Power Construction Corporation of China (PowerChina) has started building a 220 MW solar PV power plant in the Biskra wilaya (northern Algeria), while a Chinese ...

According to a report by Algerian media on November 10, Algeria set a historical record for solar panel imports from China in the first nine months of 2025, reaching 1.4 ...

ALGIERS, April 22 (Xinhua) -- Power Construction Corporation of China (PowerChina) on Monday started the construction of a photovoltaic power plant in northern ...
