# Sri Lanka solar container system Product Introduction

How Sri Lanka is promoting solar energy?

The Sri Lankan Government and the Ministry of Power have launched some programs to promote this clean, renewable energy resource, solar, in collaboration with Sri Lanka's sustainable energy authority. Soorya Bala Sangramaya is one of the most popular programs the Sri Lankan government launched to promote solar energy in Sri Lanka.

What is Solar Resource Atlas of Sri Lanka?

The Solar Resource Atlas of Sri Lanka is an important addition to the existing knowledge on solar resources of Sri Lanka. The first solar atlas of Sri Lanka was prepared by the National Renewable Energy Laboratory (NREL) of USA, in 2005, as the Wind and Solar Resource Atlas of Sri Lanka and Maldives.

Does Sri Lanka have a net metering scheme?

Sri Lanka has put in place a net metering scheme that allows people to install solar panels and sell any extra electricity they produce back to the national grid in order to encourage the use of solar energy. This method promotes the use of green energy, reduces electricity costs, and adds to the nation's energy supply.

How many solar rooftops will Sri Lanka install in 10 years?

The Ministry of Power and Renewable Energy has launched a national program to install 100,000 solar rooftops over the next ten years to meet the country's electricity needs with green energy sources. This program aims to have at least 18% of electricity produced by domestic customers in Sri Lanka.
