# Tunisia Airport Energy Storage Project

Why should Tunisia invest in tereg?

" By fostering renewable energy development,TEREG will strengthen Tunisia's position in clean energy,creating economic opportunities and ensuring long-term energy security," said Alexandre Arrobbio,World Bank Country Manager for Tunisia. " This project reflects our strong partnership with Tunisia and supports its sustainable development goals.

How will the World Bank support Tunisia?

New \$430 millionWorld Bank-supported program to support Tunisia's efforts to expand renewable energy,improve electricity reliability,and strengthen sector governance.

How will Tunisia"s energy reforms impact the economy?

" The program's reforms--such as reducing technical and commercial losses and increasing the share of renewables--are expected to deliver lasting improvements in the operational and financial performance of the sector,making electricity more affordable and reliablefor households and businesses across Tunisia."

How will the tereg program help Tunisia achieve its goals?

The TEREG program is expected to support Tunisia in achieving its goals to mobilize US\$2.8 billion in private investment to add 2.8 gigawatts of new solar and wind capacity by 2028, and create over 30,000 jobs, primarily during the construction phase of renewable projects.

This initiative, part of Tunisia's broader goal to generate 35% of its electricity from renewables by 2030, directly supports the transition to ...

The project kicked off in October 2022 and concluded in June 2023. Dr. Eckehard Tr&#246;ster and Rabea Sandherr travelled to Tunisia to present the results and findings of the project. The ...
