# Victoria Folding Container Waterproof Type

What is a water-proof container?

The Water-Proof Containers holds an IP67 Ingress Protection Certification, a measurement of the protection an item will have against solid objects (dust, sand, dirt, etc.) and liquids. IP67 means our Waterproof containers can be dropped into a body of water up to a meter deep for half an hour with guaranteed protection.

What is a foldable steel storage container?

Foldable steel storage containers come in three lengths, each with a standard width of 2.1m. The smallest size is compact enough to be used as a garden shed, even in a small back garden in the most restricted of spaces. These products are also modular, so you can expand on storage space at any time by joining the units together.

Are foldable steel storage containers safe?

As well as being highly flexible, foldable steel storage containers are also very secure. They are made from galvanised steel which means they are theft and vandal proof.

What is a watertight box?

This watertight box has served me well! It is a simple, waterproof box that is great for keeping small electronics or paper products dry on the river, canoeing, rafting, or anywhere that there will be water. There is not too much to say about this product because it is so simple.
