
Vilnius solar Modules Company

Who makes SoliTek solar panels?

SoliTek is privately owned, 100% European Solar Technology company. Most of SoliTek glass-glass solar panels are installed in Switzerland, Italy and Germany. SoliTek produces solar panels using renewable energy - with no CO2 emission at all. Discover sustainable European manufacturer SoliTek.

Does Lithuania have a solar power plant?

An 850 kW solar power plant covers the building's facade and roof. It is also the first building in Lithuania to incorporate a solar power plant of this size into its facade. The IVC building is not connected to the city's heating network. The heating function is provided by 80 geothermal boreholes dug to a depth of 130 metres.

Can SoliTek solar modules be installed on a roof?

SoliTek solar modules are so tough that they could be installed not on the roof, but instead of roof (just as roof tiles). Yet, SoliTek doesn't stop here. Their R&D team is always on for new ways to integrate solar energy to improve daily life.
