
Wholesale afriipower inverter in Pakistan

How much does a solar inverter cost in Pakistan?

On average, solar inverter prices can range from PKR 60000 to 1800000 for residential and commercial solar systems. Solar inverters are important components of solar energy systems in Pakistan, converting DC electricity from solar panels into usable AC electricity.

Are Canadian Solar inverters a good choice in Pakistan?

In 2025, Canadian Solar inverters are increasingly used in hybrid and on-grid solar systems across Pakistan due to their long-term performance and value for money. With local distributors and warranty support available, this brand has become a trusted name among Pakistani solar energy users. Note: Prices vary depending on:

How a solar inverter works in Pakistan?

A solar inverter converts direct current (DC) electricity generated by your solar panels into alternating current (AC) used by household appliances and the national grid.

Before looking at prices, it's important to know the types of solar inverters available in Pakistan: Connected to the national grid. Excess electricity is exported.
