## Winch circuit breaker factory in Belgium

What is a thermal winch & a vehicle winch?

Thermal winches (petrol or diesel engine) are autonomous and therefore very popular for all pulling/towing applications in places where electricity is not or hardly available (such as on a building site). Vehicle winches are available in 12V and/or 24V depending on the model and are used for pulling/towing operations only.

Are vehicle winches available in 12V or 24V?

Vehicle winches are available in 12V and/or 24V depending on the model and are used for pulling/towing operations only. For any manoeuvre on an inclined plane, the effort to be developed must be increased. All winches are supplied with a CE declaration and operating instructions.

Why do you need an electric winch?

Electric winches allow for the lifting or pulling/towing of larger loads. They are therefore more powerful, more comfortable to use and save time for the user.
